

Buying a Property

Find a Property to Buy

Once you have found your ideal property you need to make an offer and have your offer accepted (usually through an estate agent) before you can proceed.

Consider Your Finances

If you are getting a mortgage, you will need to make a mortgage application, obtain a mortgage offer or "offer in principle"

Instruct Us!

You will provide our details to your Estate Agent and they will send us the details of your purchase. We will then contact the Seller's solicitor for the full legal pack.
